Structure and topology of protein-protein interaction networks. For the characterization of the network structure, measures from network theory, like node degree, clustering coefficient or shortest path are used .Based on these measures, observed networks can be assigned to different topological categories like random, small-world, hierarchical, fractal, and scale-free , .

Free textbooks (aka open textbooks) written by knowledgeable scholars are a relatively new phenomenon. Below, find a meta list of Free Physics Textbooks, part of our larger collection 200 Free Textbooks: A Meta Collection.Also see our online collection, 1,500 Free Online Courses from Top Universities.. Age of Einstein, by Frank W. K. Firk, Yale University.

~~Free Physics Textbooks | Open Culture~~
Physics is the scientific discipline that studies the ways in which the different components of the universe interact. The study of physics is usually broken up into different areas of specialization. One example is geophysics, which deals with the physical properties of geology such the processes that result in earthquakes or volcanoes.
