He's my fertility doctor. But he'll put a baby in me the old-fashioned way! Connie's a twenty something virgin desperate for a baby. But she can't afford the sky high prices at Sunset Fertility Clinic. Dr. Chase Roman's wanted a child for a long time. And when Connie steps into his office, suddenly all bets are off ... because the curvy girl would be the perfect mom for his brood! Hey Readers - Hold your horses because we're off the reservation with this one :) Our heroine wants to get pregnant so bad that she's willing to do anything, and we mean ANYTHING, to make her dream come true :) You'll love it, we promise! xoxo Cassie and Katie

The doctor is in. Every inch of him... I'm the youngest, brightest, and most hotshot medical director the fertility clinic's ever seen. Nothing gets between me and my job, until Ada Chase walks in. I'm not supposed to touch her, at least, not in the way I want to. She's off limits in so many ways. Too rich. Too innocent. Too never-been-touched. ...Too much my patient. The sheltered young heiress is in my office so her rich, sh*tty family can see if she's capable of bearing children. And I'm supposed to examine her - every inch of her sweet, tempting body - to check. But I've wanted her since the instant I laid eyes on her, and now I'm obsessed, possessed, and driven like I've never been before. First, I'm going to make her beg. Second, I'll make her mine. And third? Well, third is the best part. Third is me putting a baby in that soft young belly. And after that, I'll steal her away from all of this. F**k the medical code of conduct, forget professionalism, and d*mn the consequences. Oh, Ada can bear children alright. ...so long as they're mine. I know what you're thinking - this sounds like dirty, filthy doctor-fantasy smut. And if you're thinking that, the good news is, you're entirely correct ;). This book is hot and heavy insta-love and lust at it's finest, with a dominant alpha hero completely obsessed with claiming and making babies with his untouched heroine. Safe, no cheating, and a HEA guaranteed. The doctor will see you take you now...

Some men are troublemakers or dealmakers. The men in my family? We're baby makers. For six generations, the women of wine country have had a saying: don't bang a Hunter man unless you want a bun in your oven. Yeah, well. I've got a saying too: no thanks. The last thing I need is baby makes three. My business is expanding and the only thing I'm interested in getting knocked up is my bottom line. But then one night Emma Haverford makes me an offer I can't refuse-she backs away from the land I have my eye on in exchange for a favor... A big, fat, baby making favor... ***** When I hear women have gotten pregnant shaking hands with Hunter men, I know I need Dylan Hunter's...ahem, special skills...way more than I need to expand my vineyard. I'm ready to give my heart to a child and I'm tired of waiting for my late-to-the-party Prince Charming to make my dreams come true. So I promise Dylan-three months of hot, heavy, baby-making s-e-x and then I'm out of his hair forever. But what if when it comes time to say good-bye, all I want to do is keep bottling up more memories with this big-hearted man? This

sexy Standalone romance will make you laugh, swoon, and blush baby-makin' red. Heat level: A risk of getting knocked up during download. Paperback and audio versions are especially dangerous. Handle with care...

I can't afford expensive fertility treatments. But there's a solution because my doctor says he'll put a baby in me the old-fashioned way! Connie's a twenty-something virgin desperate for a baby. But she can't afford the steep prices at Chase Roman's fertility clinic. Dr. Chase Roman's wanted a child for a long time. And when the curvy girl steps into his office, suddenly all bets are off ... because Connie would be the perfect mom to his brood! Hey Readers - Hold your horses because we're off the reservation with this one :) Our heroine wants to get pregnant so bad that she's willing to do anything, and we mean ANYTHING, to make her dream come true. We've included a never-before published bonus story called HIS PRINCESS for your reading enjoyment. You'll love it, we promise :) xoxo Cassie and Katie

No "O"? Come and meet your cure. He's gorgeous, dominant, panty-meltingly hot, and looks at me like he wants to tear my clothes off and fulfill every single filthy fantasy I've ever had. The only problem? He's my doctor. Oops. I'm seeing him to fix "my problem" - my big "no O" problem. Yeah, you see, I've never had one - no grand finale, no big b*ng, no happy ending. Never. Doctor Aiden Owenson - "Doctor O" - is supposedly the man who can help, but I've got my reservations. That is, until he puts his hands on me. Until he looks at me like he wants to devour me. Until he tells me I'm his, and his alone. I'm pretty sure you're not supposed to fall for your doctor. I'm pretty sure your doctor isn't supposed to examine you in his bed, across his desk, and while you're screaming his name. I'm pretty sure we're breaking every rule, and I'm pretty sure I don't care. Doctor O is supposed to show me the O. Now the only problem is, I never want him to stop. Warning: side effects may include fever, elevated heart rate, sweating, and chronic page-turning far past your bed time. Steaming hot insta-love, an over-the-top dominant alpha hero, and fantasy run completely amok. But something tells me, you know exactly what this dirty little book is about ;) Safe, no cheating, and a HEA guaranteed.

Brooks Renshaw has little time on his hands to deal with problems. But when his mom shows up after a weekend in Vegas married to someone he's never met, he decides to do some digging. Turns out she's hitched herself to a con artist with a trail of bad debts and abandoned women along the way. When Brooks finds out his new stepdad has a daughter, he decides to look into her, too. Only when he finds his new stepsister, he's ready to give her exactly what she wants. Eleanor works as a live-in baby nurse for new mothers. But her need to have a baby of her own has led her to take matters into her own hands. It's not the ideal situation, but she can't wait on Mr. Perfect any longer. But one phone call about a final job may change all her carefully made

plans. Warning: This book is filthy, gooey goodness, with baby-making galore! They might be stepbrother and sister, but hey, who are we to stop love? Turn the lights down low, because we've got some claiming to do!

Can you change your eating habits and use a holistic nutrition strategy to improve your fertility and health during pregnancy? Yes! For most couples, conception and a healthy pregnancy often take planning, timing, and a lot of patience, even for the most fertile. Throw in some pre-existing health conditions, a few genetic hurdles passed on from parents and grandparents, and you may find you are one of the approximately 7.5 million women in the U.S. dealing with infertility. In *Baby Maker*, Barbara Rodgers shares science-based research and facts that clearly describe the critical role nutrition can play on fertility, the growth of a fetus, and even genetic synthesis in a newborn baby. *Baby Maker* offers comprehensive options and a step-by-step plan for improving fertility (for men and women), strengthening the ability of a pregnant mom to carry to term, as well as a plan to support a mother's health during pregnancy. Finally, there is basic information offered on how to jumpstart mom's nutritional health immediately following delivery. This book offers hope to the millions of women who struggle with fertility. Barbara knows all-too-well the positive effect nutrition and lifestyle changes can make on the human body, as she did after dealing with the challenging, debilitating symptoms of MS for several years and eventually healing from them. Barbara Rodgers, NC, BCHN, is honored to be a part of your journey towards health, wellness, and parenthood.

Written by one of the country's leading complementary fertility specialists, *The Baby-Making Bible* draws together Emma Cannon's years of experience and success in treating couples hoping to get pregnant. Her special plan blends the ancient wisdom of Chinese medicine with the highest standards in Western medical practice. Whether you are trying for a natural conception or undergoing treatment for assisted conception, she offers a practical plan you can follow to create a fertile environment and encourage healthy baby-making. Emma approaches fertility in its widest context by taking you through her essential couples' health and lifestyle check, and makes suggestions to help you achieve optimum dietary, environmental and emotional health. She also offers specific advice for anyone who has been diagnosed with unexplained infertility or who is embarking on fertility treatment. The book features a foreword by Dr Tim Evans. In a future world, only one man dares to think, strive, and love as an individual in the midst of a paralyzing collective humanity.

TEX There was only one woman I wanted, and I'd been secretly lusting after her for years. My sister's friend. That first time I saw Calissa was like a right hook to the face, taking me down until there was

nothing left. She was my world. She's too young for me, too innocent, but that won't stop me from making her mine. There's no stopping it, no controlling this possessive, primal need to claim her. I'd have Calissa no matter what, as my woman, my wife ... with my baby inside of her. CALISSA It was a forbidden desire to want your best friend's older brother, but it was my reality. Tex was big and strong and a successful owner of a security company. He was definitely all man. I'd thought he'd never see me as anything more than his sister's friend. How wrong I was. No more longing gazes or fantasies that we were together. He knew what he wanted out of life and apparently that was me ... pregnant with his child. Warning: This hero really knows what he wants and that's the heroine and getting her knocked up! But no worries, this story is still sweet-even if it is filthy-and you still get that Happily Ever After.
