When all parties involved in the construction process fully understand their roles and are able to anticipate potential points of conflict, disputes and delays will be minimised. The Employer's and Engineer's Guide to the FIDIC Conditions of Contract sets out the essential administrative requirements of a FIDIC based contract by reference to the FIDIC 1999 Red Book. The obligations and duties of the Employer and the Engineer are identified and discussed. Potential pitfalls are highlighted and likely consequences pointed out. The importance of the Employer's role in the preparation of tenders, which fully reflect his requirements and duties and obligations arising in the execution of the works, is emphasised. The key role of the Engineer in the effective administration of contracts after award is examined and commentary provided. Included in the guide are a number of appendices, including model letters which will be of value to less experienced staff (particularly those whose mother-tongue is not the English language). Engineers, quantity surveyors and project managers engaged in the contractual administration of international projects using FIDIC forms of contract will find the concise guidance in simple and jargon-free language provided here invaluable. This, together with the author's earlier book, Contractor's Guide to the FIDIC Conditions of Contract - which describes the duties, rights and responsibilities of the Contractor - represents the totality of supervision, design and execution of construction projects executed under the FIDIC Conditions of Contract. This book's companion website offers invaluable resources to freely download, adapt and use: Model letters for use by the Employer Model letters for use by the Contractor Sample Interim Payment Certificate Model Form for Submissions to the Engineer Model Form of Engineer's Order for Varied Works Model Form of Daywork/Daily Record Sheets

The JCT standard forms of building contract require a thorough understanding of their procedural requirements, as well as their legal implications. They require both the contractor and the architect, on behalf of the employer, to send a wide range of notices and letters if each party is to protect its legitimate interests. The main contract forms are also supported by complex sub-contract documentation. Therefore, it is not surprising that when this book of specimen letters, notices and forms was first published, it was widely welcomed by the construction industry. The book provides examples of documentation likely to be required for a contract under the following JCT forms: ? the Standard Form of Building Contract ? the Intermediate Form of Building Contract ? the Agreement for Minor Building Works ? the Standard Form of Building Contract With Contractor's Design It includes a commentary on the practical implications of the various documents and highlights the points to be watched. The new edition takes into account the wide range of amendments to the latest editions of the standard forms following the Housing Grants, Construction and Regeneration Act 1996, and in particular, the new payment and adjudication provisions. For the first time it features documentation for use with the JCT design and build form.

This book confronts the difficult problems that arise in claim situations. Whenever a contractor undertakes work using one of the standard building contracts, however small the job, writing a good many letters will be involved. Some will be formal notices it is necessary to give; others will be letters it is prudent to send. This book provides a set of over 300 standard letters for use with the standard forms of building contract and sub-contract and aims also to cover all the common situations which contractors will encounter when involved in a contract. It has been substantially revised to take account of the 2005 suite of JCT contracts, together with changes in case law and the 2007 CDM Regulations. The letters are for use with the following contracts: * JCT Standard Building Contract (SBC), * JCT Intermediate Building Contract (IC) and 'with contractor's design' (ICD), * JCT Minor Works Building Contract (MW) and 'with contractor's design' (MWD), * JCT Design and Build Contract (DB), * JCT Standard Building Sub-Contract Conditions (SBCSub/C) and 'with sub-contractor's design' (SBCSub/D/C), * JCT Intermediate Named Sub-Contract Conditions (ICSub/NAM/C), * JCT Intermediate Sub-Contract Conditions (ICSub/C) and 'with sub-contractor's design' (ICSub/D/C), and * JCT Design and Build Sub-Contract Conditions (DBSub/C). There are also letters for use with GC/Works/1 and its subcontract. The book comes with a free CD which includes all the letters. It is compatible for use with Microsoft? Word and WordPerfect? on IBM-PC and Macintosh? machines.
