A collection of poems recounts the efforts of Esquire magazine graphic designer Art Kane to photograph a group of famous jazz artists in front of a Harlem brownstone.
What happens when you invite as many jazz musicians as you can for a photo in 1950s Harlem?
"Is there jazz in China?" This is the question that sent author Eugene Marlow on his quest to uncover the history of jazz in China. Marlow traces China's introduction to jazz in the early 1920s, its interruption by Chinese leadership under Mao in 1949, and its rejuvenation in the early 1980s with the start of China's opening to the world under Premier Deng Xiaoping. Covering a span of almost one hundred years, Marlow focuses on a variety of subjects—the musicians who initiated jazz performances in China, the means by which jazz was incorporated into Chinese culture, and the musicians and venues that now present jazz performances. Featuring unique, face-to-face interviews with leading indigenous jazz musicians in Beijing and Shanghai, plus interviews with club owners, promoters, expatriates, and even diplomats, Marlow marks the evolution of jazz in China as it parallels China's social, economic, and political evolution through the twentieth and into the twenty-first century. Also featured is an interview with one of the extant members of the Jimmy King Big Band of the 1940s, one of the first major all-Chinese jazz big bands in Shanghai. Ultimately, Jazz in China: From Dance Hall Music to Individual Freedom of Expression is a cultural history that reveals the inexorable evolution of a democratic form of music in a Communist state.
In this toe-tapping jazz tribute, the traditional "This Old Man" gets a swinging makeover, and some of the era's best musicians take center stage. The tuneful text and vibrant illustrations bop, slide, and shimmy across the page as Satchmo plays one, Bojangles plays two . . . right on down the line to Charles Mingus, who plays nine, plucking strings that sound "divine." Easy on the ear and the eye, this playful introduction to nine jazz giants will teach children to count—and will give them every reason to get up and dance! Includes a brief biography of each musician.
One of the Best Books of the Year: NPR, QO, Billboard, JazTimes In jazz parlance, "playing changes" refers to an improviser's resourceful path through a chord progression. In this definitive guide to the jazz of our time, leading critic Nate Chinen boldly expands on that idea, taking us through the key changes, concepts, events, and people that have shaped jazz since the turn of the century—from Wayne Shorter and Henry Threadgill to Kamasi Washington and Esperanza Spalding, from the phrase "America's classical music" to an explosion of new ideas and approaches; from claims of jazz's demise to the living, breathing scene that exerts influence on mass culture, hip-hop, and R&B. Grounded in authority and brimming with style, packed with essential album lists and listening recommendations, Playing Changes takes the measure of this exhilarating moment—and the shimmering possibilities to come.
Baby and his family make some jazzy music.
Highbrow/Lowdown explores the twentieth century's first culture war and the forces that permanently transformed American theater into the art form we know today. The arrival of jazz in the 1920s sparked a cultural revolution that was impossible to contain. The music affected every stratum of U.S. society and culture, confusing and challenging long-entrenched hierarchies based on class, race, and ethnicity. Jazz was considered the first distinctively American art form, and its dissemination across the globe served to launch the United States as a cultural force to be reckoned with. The Jazz Age was also the era of vaudeville, burlesque, and musical comedy, popular entertainments that were quick to cash in on the jazz craze. But jazz was much more than the music. It was also a powerful cultural force that brought African American, Jewish, and working-class culture into the white Protestant mainstream. When the influence of jazz spread to legitimate theater, playwrights, producers, and critics rushed to distinguish the newly emerging literary theater from its illegitimate cousins. The efforts to defeat the democratizing influences of jazz and to canonize playwrights like Eugene O'Neill triumphed, giving birth to American theater as we know it today. David Savran is Distinguished Professor of Theatre and Vera Mowry Roberts Chair in American Theatre at the Graduate Center, City University of New York. "An important book that raises crucial questions about how and why a literary 'art theatre' came to be seen among tastemakers and canonizers as 'legitimate.' Savran makes the persuasive argument that jazz needed to be defeated in order for the art theatre to take center stage, using an impressive variety of tools to make his case." —Andrea Most, University of Toronto "Like a canny fight promoter in the perennial American culture wars, David Savran puts the reader ringside for a blow-by-blow account of the Battle of the Brows—high, middle, and low. Setting Jazz Age entertainments at one another, with 'legitimate theater' duking it out with nightclub revues and movies pummeling vaudeville, Highbrow/Lowdown tracks the rise of heavyweight Eugene O'Neill to the top of the card, but it also makes heroes of the referees—the drama critics and audiences who crowned the winners. This is performance history as an innovative 'political economy of culture,' and it's a knockout." —Joseph Roach, Yale University "A stunningly original analysis of music and theater in the 1920s as inseparable faces of jazz. Savran grounds his social history on a huge array of primary sources while drawing, without fanfare or jargon, on theorists such as Adorno and Bourdieu. His musical analyses of Gershwin, John Alden Carpenter, and George Antheil are not just first class but pathbreaking. No student of jazz as a Western cultural phenomenon—or of any American music or theater in the 1920s—will dare miss this powerfully illuminating, unabashedly reliable, beautifully written book." —Rose Rosengard Subotnik, Brown University
An African-American boy unintentionally brings together all the neighbourhood's jazz musicians for a magazine photograph.
" Ellen Galinsky—already the go-to person on interaction between families and the workplace—draws on fresh research to explain what we ought to be teaching our children. This is must-reading for everyone who cares about America ' s fate in the 21st century. " — Judy Woodruff, Senior Correspondent for The PBS NewsHour Families and Work Institute President Ellen Galinsky (Ask the Children, The Six Stages of Parenthood) presents a book of groundbreaking advice based on the latest research on child development.
A picture book biography that will inspire readers to dance to their own beats! Singer, dancer, actress, and independent dame, Josephine Baker felt life was a performance. She lived by her own rules and helped to shake up the status quo with wild costumes and a you-can ' t-tell-me-no attitude that made her famous. She even had a pet leopard in Paris! From bestselling children ' s biographer Jonah Winter and two-time Caldecott Honoree Marjorie Priceman comes a story of a woman the stage could barely contain. Rising from a poor, segregated upbringing, Josephine Baker was able to break through racial barriers with her own sense of flair and astonishing dance abilities. She was a pillar of steel with a heart of gold—all wrapped up in feathers, sequins, and an infectious rhythm.
