* Dedicated support for work-based learners taking the new Pearson Edexcel Level 3 Diploma in Children's Learning and Development (Early Years Educator). * Covers all mandatory and selected optional units.

The aim of this book is to provide comprehensive coverage of topics in Unit 1 of the BTEC Level 3 course in Information Technology in an interesting and approachable manner. If you are studying this course, you need to notice, read about, experience and analyse the impact and implications of current and emerging digital technologies. Examples and case studies from scenarios and events that have recently been in the news are used to bring the subject to life. Reading and discussing articles from quality newspapers, whether printed or online, discussing relevant TV documentaries, noticing and analysing the use of digital technology in countless aspects of life, as well as learning from a textbook, are all going to contribute to a successful exam result. The book is divided into six sections corresponding to the six Learning Aims outlined in the specification, complementing each of the PG Online teaching resource packs. These sections are divided into between four and eight chapters, each containing material that can be covered in one or two lessons. The chapters have in-text questions which can be used as discussion points in a lesson. An extra chapter at the end of Learning Aim B on "Drawing System Diagrams" will be useful for students faced with a question on the exam for which they are required to draw such a diagram. In addition to almost 100 in-text questions and discussion points, there are over 80 end-of-chapter exercises that are designed to give practice in answering exam-style questions, using command words such as state, describe, explain, analyse. As much practice as possible is needed in answering such questions and getting feedback from the teacher so as to understand how to gain the maximum possible marks in the final exam.

Covering the mandatory units and nine of the popular optional units for the Nursery Nurse pathway, this book is suitable for practitioners working in a variety of childcare settings. It provides coverage of underpinning knowledge for the NVQ, including material to cover children's development for the 8-16 age range.

Exactly matched to the OCR specifications, this Student Book covers all the units of the Double Award.

Fully updated to reflect the 2010 BTEC National Sport specification, Performance and Excellence pathway, this new edition of the bestselling textbook provides students with all the knowledge, understanding and skills to put them on the path to success with their BTEC National Sport qualification. Written by expert senior verifiers who have been involved with the new qualification's development. BTEC LEVEL 3 NATIONAL SPORT: PERFORMANCE AND EXCELLENCE SECOND EDITION provides complete coverage of every level of the qualification and includes: --clear learning goals and key learning points --clear layout with student-friendly accessible text --expert assessment tips --even more colour photos to provide even greater context for students --clear mapping of knowledge and activities to the relevant Pass, Merit and Distinction criteria --practical case studies linked to assessment

This student book uses a strong visual approach to bring learning to life. It contains a knowledge section which motivates learners in the units where they traditionally struggle, a skills section focusing on the practical aspects and a projects section providing ideas for group work.

BTEC student book for the 2010 specification BTEC Level 3 National Engineering, giving students a work-focused, approachable textbook, with all the assignment help learners need to achieve the best grade they can.

Full-colour Candidate Handbook with accompanying website to support the latest Business & Administration standards at Level 3.
