What Is the Reason for Title Insurance and how does it work What Are the Complexities of Lien Law and how does it work How Is the Loan Eventually Repaid What Real Estate Math Is Essential for the Professional How Important Are Environmental Issues How Can the Lender Find New Loan Prospects What Are the Risks and Rewards of Loan Participations Featuring a wide range of helpful examples and illustrations, The Complete Guide to Financing Real Estate Developments covers many of the day-to-day realities faced in the real estate industry including the differing perspectives of lenders and borrowers, their personal pressures, personalities and politics, and much more.

You are about to learn the true secret of real estate investing real estate options. WHO really makes money in Real Estate? Realtors, sellers, appraisers, the bank, brokers, mortgage brokers, closing companies, attorneys, taxing authorities, and lastly perhaps you the investor who takes all the risk and does all the work, while having to evict tenants and clean up their mess after they've left. But there is a new, unique and innovative method of investing in real estate. A Real Estate Option gives you control of a piece of real estate without actually purchasing it. By having an option on a piece of property, you have the exclusive right to buy that property or not. A real estate option is simply a contract between the seller and buyer giving you the legal right not obligation to buy the property at a set price for a predetermined time. When you find a buyer for the property, you cash in your option and deposit a large check. Most real estate investment methods require you to sink a lot of your money, time, and effort into your investments. And it is a slow process, usually one property at a time, often part-time. Using an option instead of purchasing means you do not have to deal with rental property, tenants, maintenance and repairs, taxes, mortgage payments, commissions, or closing costs. In this new book you will learn how to control a vast real estate portfolio without ever buying the property. Let the owner keep paying the mortgage, dealing with tenants and all of the costs. You zero in on the profits. Here is an example, you locate a duplex worth \$400,000, you purchase an option to buy it for \$340,000 anytime within the next 120 days. On Day 60, you find a buyer who will pay the full \$400,000., you activate the option, pay the seller \$340,000, and pocket \$60,000. This is a simplified example, but this new book details how to become a highly successful real estate option buyer, and it demonstrates step-by-step how to get started in this highly rewarding investment strategy. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

Whether you're a first-time real estate investor or a seasoned professional, The Complete Guide to Buying and Selling Apartment Buildings helps you map out your future, find apartment buildings at a fair price, finance purchases, and manage your properties. Now revised and expanded, this Second Edition includes tax planning advice, case studies of real acquisitions, and appendixes that add detail to the big picture. Plus, it includes a handy glossary of all the terms investors need to know, helpful sample forms that make paperwork quick and easy, and updated real estate forecasts. With this comprehensive guide at hand you'll find profits easy to come by.

A PAPERBACK ORIGINAL The first simple guide to understanding the real estate closing process Closing and escrow are among the most important and least understood components of a real estate transaction. The Complete Guide to Your Real Estate Closing takes the mystery out of the confusing, expensive process by giving real estate professionals, investors, and consumers a step-by-step explanation. In simple, everyday language, the book explains closing documents and paperwork, what to do when something goes wrong, mortgage options, how to save money on title insurance, problems that can occur on a title report, and much more. With sample forms, work sheets, and more, this sophisticated but accessible book covers: Insider tips on how to save money from a closing professional Who does what: the real estate agent, lender, title company, closing officer, attorney State-specific information for all 50 states

The conservative, thoughtful, thrifty investor's guide to building a real-estate empire. Profitable real-estate investing opportunities exist everywhere as long as you know what to look for and understand how to make prudent deals that transform property into profits. David Crook, of The Wall Street Journal, shows how to make safe and sane investments that ensure a good night's sleep as your real-estate portfolio grows, your properties appreciate and your income increases. The Wall Street Journal Complete Real-Estate Investing Guidebook offers the most authoritative information on: • Why real-estate investing is a great wealth-building alternative to stocks and bonds and why it's crucial that you avoid get-rich schemes • How to get the financing and make the contacts to get started • How to start small and local, be hands-on and go step-by-step with a vacation home to rent out, a pure rental property or a small apartment building • How to find and value great properties, do the numbers and ensure you have that beautiful thing called cash flow • How the government blesses real-estate investors with tax breaks and loopholes, and how you can be one of the anointed • How to deal with the nuts-and-bolts of being a landlord and have a strife-free relationship with your tenants

"How does a land owner, entrepreneur, or developer convert a vision for a restaurant, hotel, strip center, apartment complex, or office building into a successful development? This book explores not only the how but the who, what, where, and why principles of commercial real estate development. It guides the reader through a simple, step by step process for converting a vision into a functioning project open to and serving the community." -- cover.

What, where, and how to buy! The Complete Idiot's Guide to Real Estate Investing Basics presents the practical advice and knowledge readers need to get started in the residential real estate market. Based on the knowledge of an established expert, this guide teaches readers how to find properties that have the greatest investment potential, make offers and negotiate deals, locate great tenants, and re-sell properties for maximum profit. * According to the U.S. Census Bureau, there were an estimated 123.3 million housing units in the U.S. in the first quarter 2005 * Residential real estate is always on the move * Baby boomers are growing older, and many look at real estate investing as a safe way to assure their current standard of living

Currently, there are nearly 200 publicly traded real estate investment trusts (more commonly referred to as REITs) in operation in the United States with a combined \$500 billion in assets. An estimated two-thirds of REITs are traded on national stock exchanges. A REIT is a real estate company that offers its shares to the public. By doing so, a REIT stock becomes like any other stock that represents the holder's ownership in a business. However, REITs have two distinct features: REITs manage groups of income-producing properties and must distribute 90 percent of profits as dividends. The Complete Guide to Investing in REITs will teach you everything you need to know about REITs and how you can earn high rates of return. In this book, you will learn about publicly and privately held REITs, Net Asset Value (NAV), Adjusted Funds From Operations (AFFO), Cash Available for Distribution (CAD), the benefits associated with REITs, dividend reinvestment programs (DRiPs), capitalization rate, equitization, leverage, positive spread investing, securitization, and straight-lining. You will also learn about equity, mortgage, and hybrid REITs and the more specific types, including residential, office, industrial, and retail. The Complete Guide to Investing in REITs will walk you through finding the appropriate REIT for you. This book will also teach you how to manage your REIT, how to limit your personal risk, how to understand REIT performance, and how to analyze REITs. By reading this book, you will know and understand the pitfalls of investing in REITs, you will know how REITs behave as an investment class and how to best integrate them into your portfolio, and you will know what economic issues affect real estate and the effects these have on REITs. This book is not merely for the novice investor who wants to learn everything possible about real estate investment trusts; professional investors, financial planners, and investment advisors will also find valuable information in this book. Ultimately, The Complete Guide to Investing in REITs will help you stabilize and grow your portfolio and earn high rates of return by providing you with vital information and practical guidance. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida.
